25 YEARS

Henry Schein Cares
25-Year Rewind:
*A Celebration of
Healthcare Heroes*

A LEGACY OF CARING. A FUTURE OF IMPACT.

Over the past 25 years, Henry Schein Cares has grown from a collection of community initiatives into a global model for corporate citizenship. While countless milestones have shaped that journey, they tell five interconnected stories — building a foundation for good, expanding access to care, leading responsibly, empowering Team Schein Members, and growing our impact around the world. Together, they reflect how our commitment to helping health happen has evolved — and continues to shape the future.

“*Meaningful change happens when people unite around a common purpose and turn that purpose into action.*”

For 25 years, Henry Schein Cares has reflected a powerful belief: everyone deserves access to quality healthcare. What began as a commitment to help health happen has grown into an effort — powered by Team Schein Members, customers, supplier partners, healthcare professionals, nonprofit organizations, and community leaders — to expand access to care for vulnerable populations and communities, respond to disasters, support a healthier planet for healthier people, and prepare the next generation of healthcare professionals.

This anniversary book celebrates our milestones that have shaped the evolution of Henry Schein Cares, while also recognizing 25 Healthcare Heroes whose leadership, compassion, and service demonstrate what it means to help health happen. Their stories remind us that meaningful change is rarely the work of one person or one organization; it happens when people unite around a common purpose and turn that purpose into action.

As we celebrate what we have accomplished together over the past 25 years, we are also focused on what comes next. Community needs will continue to evolve, and so will the ways in which we meet those needs. What will remain constant is our commitment to partnership, wellness and prevention, and making a lasting impact, together.

Thank you to everyone who has helped shape this story — and to those who will carry it forward.

Sincerely,

Fred Lowery
Chief Executive Officer
Henry Schein, Inc.

THE STORY OF HOW CARE BEGAN.

The year was 2001, and the world had been forever changed by the terrible events of September 11. It was a moment to reflect on what matters most, to come together, and to consider how each of us could make a meaningful difference in the communities where we live, work, and serve.

For Henry Schein, the idea of caring for others was not new. From the earliest days of Henry and Esther Schein and their original pharmacy, "care" was at the heart of the organization. A belief carried forward throughout our history.

But in 2001, that commitment took on a new form with the official creation of Henry Schein Cares, formalizing and mobilizing our efforts to expand access to healthcare and bringing to life the notion of *"doing well by doing good."*

Over the past 25 years, thousands of healthcare professionals have received millions of dollars in donated products, helping hundreds of thousands of patients access the care they need. Those numbers are impressive, but they tell only part of the story.

The true impact happens through collaboration, when products are placed in the hands of dedicated healthcare professionals who transform them into something far more powerful: *healthier lives and stronger communities.*

THE STORY OF HOW CARE GREW.

**The story of Henry Schein Cares cannot be told through dates alone.
It is a story of people, partnerships, purpose, and progress.**

Across five distinct chapters, we see a collection of community initiatives grow into a global approach to corporate citizenship, rooted in care, strengthened by collaboration, and always focused on helping health happen.

“Through the years, we always insisted on making
our people feel special, like family.”

THE PEOPLE BEHIND THE IMPACT.

For 25 years, Henry Schein Cares has helped health happen through people willing to turn compassion into action. Across professions, organizations, communities, and continents, they have expanded access to care, built programs that last, championed health equity, and inspired others to serve.

To celebrate this anniversary, we are recognizing 25 Healthcare Heroes — individuals and organizations whose partnership, leadership, and service have helped shape our story and strengthen the future of health.

Their contributions are different. Their purpose is shared.

Advocate Health
Charlotte, North Carolina,
U.S.A.

**CONNECTING
ENVIRONMENTAL ACTION
AND COMMUNITY HEALTH**

Advocate Health connects community well-being with environmental action. Its teams reduce healthcare's environmental footprint and partner with Henry Schein on service projects, including assembling hygiene kits for families staying at Ronald McDonald House in Macon.

**WHAT DOES BEING A
HEALTHCARE HERO MEAN TO YOU?**

Being a Healthcare Hero means recognizing that human and environmental health are connected — **and working with partners to creates healthier, more sustainable, and more equitable communities through compassionate action.**

Dr. Jay Anderson
Sacramento, California,
U.S.A.

**A CAREER COMMITTED
TO COMMUNITY CARE**

Dr. Jay Anderson has built a career around expanding community-based care. Through leadership, clinical operations, and education, he strengthens systems that serve patients facing barriers while preparing future providers to continue the work.

**WHAT DOES BEING A
HEALTHCARE HERO
MEAN TO YOU?**

Being a Healthcare Hero means finding purpose in serving patients, my community, and my profession. **I love what I do, and the opportunity to contribute to others makes this work meaningful.**

He has built his career around expanding access through leadership, education, and system-wide improvements that help more underserved patients receive the care they need.

*Kari Renner, Strategic Group Executive,
Henry Schein U.S. Medical*

Dr. Joyce Barbour
Nashville, Tennessee,
U.S.A.

**SEEING THE PERSON
BEHIND THE PATIENT**

At Meharry's A.B.L.E. Clinic, Dr. Joyce Barbour creates compassionate dental care for adults with intellectual and developmental disabilities while teaching future professionals to serve every patient with patience, dignity, and respect.

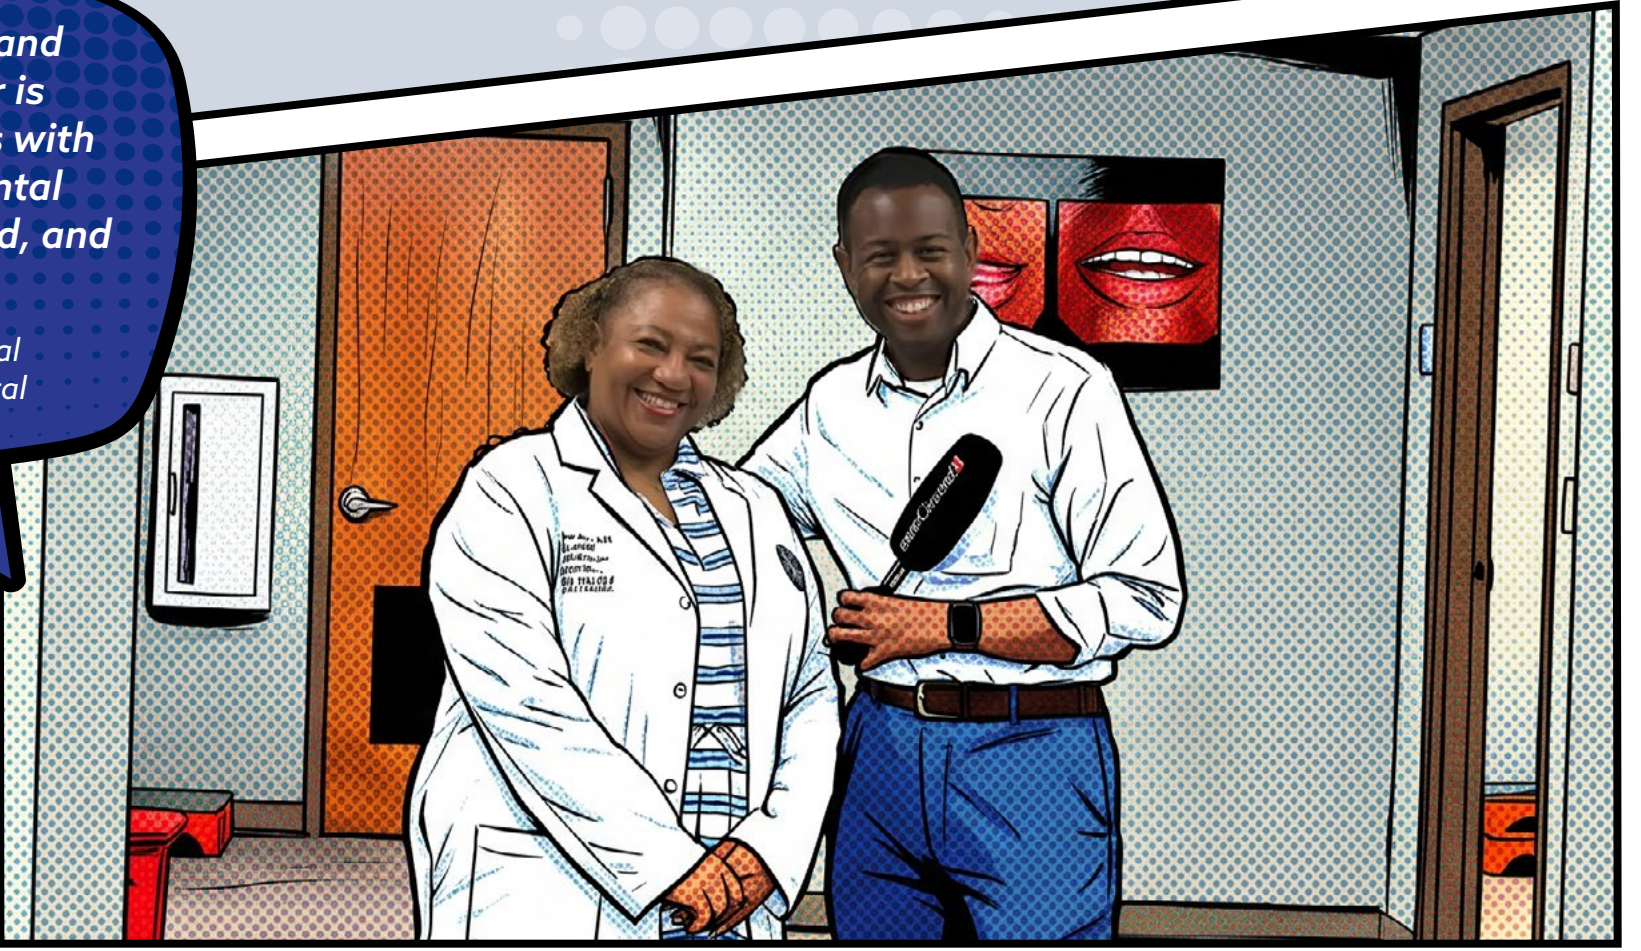

Through the A.B.L.E. Clinic and Special Smiles, Dr. Barbour is creating a place where adults with intellectual and developmental disabilities are seen, supported, and treated with dignity.

*Stefan Zollinger, Regional General
Manager, Henry Schein U.S. Dental*

**WHAT DOES BEING A
HEALTHCARE HERO MEAN TO YOU?**

Being a Healthcare Hero means seeing the person behind the diagnosis and making time for compassion, patience, and care. **When we teach others to serve without judgment, that impact reaches far beyond one patient.**

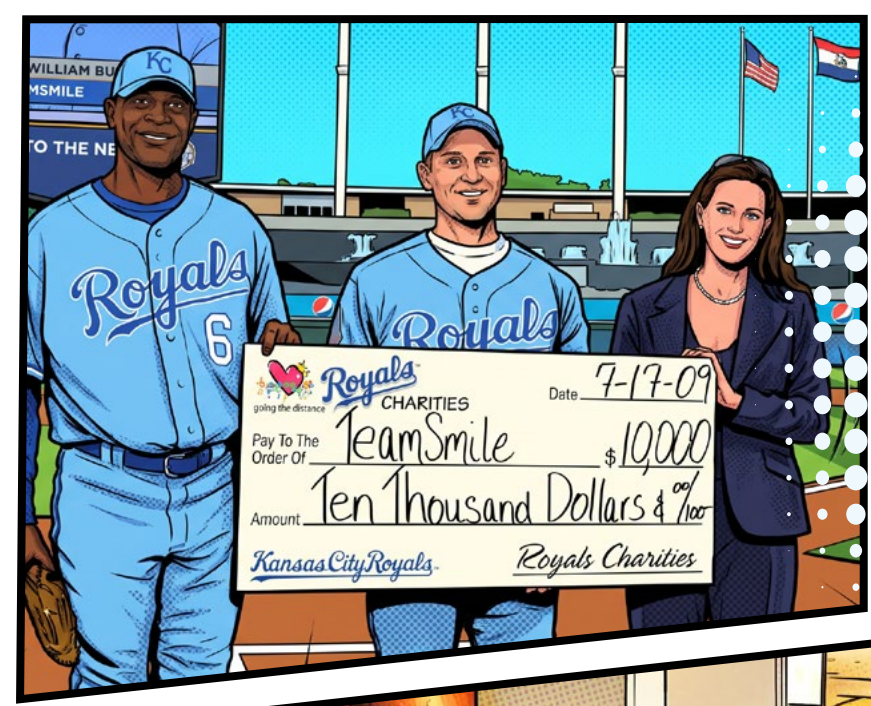

Dr. Bill Busch

Kansas City, Missouri,
U.S.A.

BRINGING TEAMWORK TO CHILDREN'S DENTAL CARE

Dr. Bill Busch co-founded TeamSmile to connect underserved children with dental care through the power of sports. His work brings clinicians, volunteers, and communities together around healthier smiles and lasting access to care.

Dr. Busch is a man of integrity, and when he says he will do something he does it with his entire heart, soul, and mind! I admire him for this quality.

Jason Krause, Field Sales Consultant,
Henry Schein U.S. Dental

WHAT DOES BEING A HEALTHCARE HERO MEAN TO YOU?

Being a Healthcare Hero means showing up, taking responsibility, and using my skills to help people who might otherwise go without care. **It means leaving my profession and community better than I found them.**

Dr. Maxmillian Chambers

El Centro, California,
U.S.A.

BUILDING A PATH TO SPECIALIZED DENTAL CARE

Dr. Maxmillian Chambers founded ImpowerDent SurgiCenters to expand specialized dental care for people with intellectual and developmental disabilities — building a model intended to reduce geographic, financial, and clinical barriers to treatment.

Dr. Chambers combines clinical service, public health leadership, and nonprofit innovation to expand specialized dental care for people facing some of the greatest barriers to treatment.

Eliza Rutel, Field Sales Consultant,
Henry Schein U.S. Dental

WHAT DOES BEING A HEALTHCARE HERO MEAN TO YOU?

No patient should need a hero simply to receive care. Being a Healthcare Hero means seeing, serving, and advocating for people with intellectual and developmental disabilities whose needs are too often overlooked, and building systems that make compassionate care more accessible.

U.S.A.

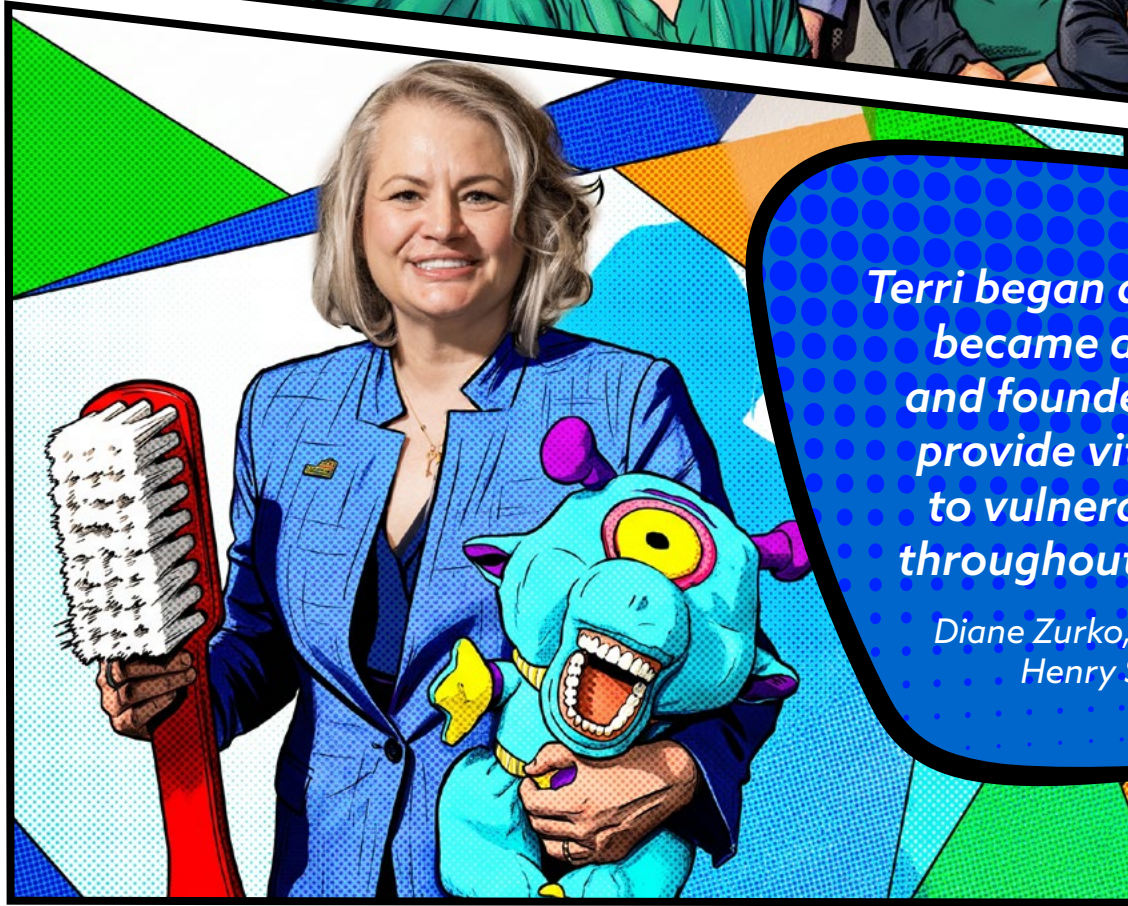

GROWING A COMMUNITY'S COMMITMENT TO CHILDREN'S SMILES

Terri Chandler turned an idea shared around a kitchen table into Future Smiles, growing a volunteer sealant program into a lasting community resource that brings oral healthcare to underserved children across Southern Nevada.

WHAT DOES BEING A HEALTHCARE HERO MEAN TO YOU?

Being a Healthcare Hero means to me that **all people have access to quality dental healthcare and that no one is left behind.** All smiles, big or small, matter!

Terri began as a dental assistant, became a dental hygienist, and founded Future Smiles to provide vital oral healthcare to vulnerable young people throughout Southern Nevada.

Diane Zurko, Field Sales Consultant,
Henry Schein U.S. Dental

Dr. Mark Costes

Prescott, Arizona, U.S.A.

SHARING DENTAL SKILLS ACROSS COMMUNITIES

Dr. Mark Costes founded Smile Outreach International to mobilize dental professionals for communities with limited access to treatment. Its volunteer teams turn clinical expertise into relief, dignity, and healthier smiles across international outreach projects.

Mark has turned the platform he has built in dentistry into something bigger. Bringing smiles to those without access to care while inspiring dental professionals to rediscover the heart of what they do.

Lilly Larsen, Field Sales Consultant,
Henry Schein U.S. Dental

WHAT DOES BEING A HEALTHCARE HERO MEAN TO YOU?

THE NEXT CHAPTER STARTS NOW.

The needs of communities will continue to evolve — and so will the ways we respond. In the next 25 years, Henry Schein Cares will build on the strength of our people and partnerships to reach further, act more boldly, and help create a healthier, more equitable, and more sustainable world.

The future will be shaped by new ideas, new voices, and the same belief that has guided us from the beginning: when we work together, we can help health happen for more people, in more places, for generations to come.

Let's keep Helping Health Happen.
